

WHY IS THE PROVIDER ATTESTATION FORM NEEDED

The South Carolina Department of Health and Human Services (SCDHHS) will implement 42 CFR Part 438, 441, and 447, Increased Medicaid Payments for Primary Care. This action implements the Affordable Care Act (ACA) requirement that increases payments to physicians with a specialty designation of family medicine, general internal medicine, pediatric medicine, and related subspecialists for specified primary care services and charges for vaccine administration under the Vaccines for Children Program.

To qualify for the enhanced rates, a physician must self-attest to his or her specialty designation of family medicine, general internal medicine, pediatric medicine or a subspecialty recognized by the American Board of Medical Specialties (ABMS), the American Board of Physician Specialties (ABPS) or the American Osteopathic Association (AOA). Any of these physicians with one of the specialty designations must meet one of the following criteria:

- Board certification and/or
- Sixty (60) percent of all Medicaid services billed, or provided in a managed care environment in CY 2012 are for E&M codes 99201-99499 and vaccine administration codes 90460, 90461, 90471, 90472, 90473 and 90474.

The provision provides for increased payments for primary care services furnished by a nurse practitioner or a physician assistant under the personal supervision of a physician who is one of the primary care specialties or subspecialty types designated in the regulation. Physicians will be required to attest for the nurse practitioners and/or physician assistants under his/her supervision who would qualify for the increased payments. All providers, both providers participating with Medicaid FFS and those only participating with MCOs will need to register with SCDHHS and then complete the Primary Care Provider Attestation form to become eligible to receive the enhanced primary care reimbursement rates.

WHAT SHOULD I DO IF I HAVE ADDITIONAL QUESTIONS OR ISSUES

You may contact the Provider Service Center (PSC) by calling 1-888-289-0709. The hours of operation are Monday-Friday from 7:30am to 5:00pm. Additionally you may submit your question or issue through the agency website at <http://www.scdhhs.gov/webform/contact-provider-representative>.

ACCESSING THE PROVIDER ATTESTATION WEB PAGE

Existing Providers: Providers currently enrolled with South Carolina Medicaid as a Family Practice, General Internal Medicine, or Pediatrics provider will access the Provider Attestation Form from the South Carolina Department of Health and Human Services (SCDHHS) Affordable Care Act (ACA) web page. The attestation hyperlink, <https://msp.scdhhs.gov/pc/>, will open a new internet browser window in which the Provider will enter and submit the required attestation information.

New Enrollment Providers: Providers who are completing a new Family Practice, General Internal Medicine, or Pediatric provider enrollment application via the online [Provider Enrollment Web Application](#) will be prompted to complete the attestation form when completing the Provider Type and Specialty/Subspecialty page of the application. Selecting the attestation hyperlink will open a new internet browser window in which the Provider will enter and submit the required attestation information. As this is a separate internet browser window, the Provider may complete this form during or after the completion of the Provider Enrollment web application.

The Affordable Care Act Becomes Law

Tue, 01/08/2013 - 09:09

On March 23, 2010, President Obama signed the Affordable Care Act. The law expands health coverage and puts in place comprehensive health insurance reforms. The South Carolina Department of Health and Human Services is actively working on the following initiatives:

- *Increasing Access to Affordable Care:* Increasing Medicaid Payments for Primary Care Physicians-Effective January 1, 2013-December 31, 2014

As Medicaid programs and providers prepare to cover more patients in 2013, the Affordable Care Act requires states to pay primary care physicians no less than 100 percent of Medicare payment rates in 2013 and 2014 for primary care services. The increase above current payment levels is fully funded by the federal government.

- *Adoption of Operating Rules for Eligibility for a Health Plan and Health Care Claim Status Transactions*-Effective January 1, 2013

By implementing these requirements, States will improve the automation of health care administrative processes and benefit from reduced transaction costs (e.g., reduced time and effort related to contacting physicians and health plans for resolution of claims, denial of claims, and additional postage and paperwork costs).

55. Enter the new Username, Email Address, Password, and/or the Time Zone you would like to be associated with your submitted attestation form in the appropriate text boxes, or for Time Zone the selection box, in the **Edit** tab of the **My Account** page. Your Username and Email address will default the current values. Enter ONLY the information being changed in these text boxes. For example, it is not necessary to change your Username if you are only changing your password.

*Note: The same new password must be entered in the **Password** and the **Confirm Password** text boxes and must match exactly in order to save the change of password.*
